DUE SUPERFICI COMPLEMENTARI. TWO COMPLEMENTARY SURFACES.

L'estetica essenziale di Icône Bleu incontra la **finitura complementare spazzolata**. Il gres porcellanato Italgraniti rievoca le superfici consumate dal tempo; i **bordi irregolari** e un'**equilibrata riflettanza** descrivono una meticolosa cura progettuale, al servizio di uno spazio dove **luminosità e naturalità** sono i veri protagonisti.

Essential Icône Bleu styling meets with the **complementary brushed finish**. Italgraniti porcelain stoneware brings to mind age-worn surfaces; the **irregular edges** and **balanced reflectance** highlight the meticulous attention to design, catering to the needs of a space where **brightness and naturalness** play a starring role.

WALL / FLOOR: GRIS SPAZZOLATO 80x80

ZWEI SICH ERGÄNZENDE OBERFLÄCHEN.

Das elementare Styling von Icône Bleu trifft auf das **ergänzende gebürstete Finish**. Das Italgraniti-Feinsteinzeug erinnert an altgediente Oberflächen; die **unregelmäßigen Kanten** und ein ausgewogenes Reflexionsvermögen beschreiben eine sorgfältige Gestaltung, die auf die Bedürfnisse eines Raumes eingeht, in dem Helligkeit und Natürlichkeit die wahren Hauptrollen spielen.

DEUX SURFACES COMPLÉMENTAIRES.

L'esthétique essentielle d'Icône Bleu rencontre la **finition complémentaire brossée**. Le grès cérame Italgraniti rappelle les surfaces usées par le temps ; les **bords irréguliers** et un **effet réfléchissant équilibré** révèlent une attention conceptuelle méticuleuse, au service d'un espace où la **luminosité** et l'**aspect naturel** tiennent les rôles principaux de la pièce.

DOS SUPERFICIES COMPLEMENTARIAS.

La estética elemental de Icône Bleu se combina con el **acabado complementario cepillado**. El grés porcelánico Italgraniti recuerda las superficies desgastadas por el tiempo; los **cantos irregulares** y una **reflectancia equilibrada** describen una meticulosa atención por el diseño, al servicio de un espacio donde **luminosidad y naturalidad** son las auténticas estrellas.

ДВЕ ДОПОЛНИТЕЛЬНЫХ ПОВЕРХНОСТИ.

Внутренняя эстетика, присущая Icône Bleu, еще больше подчеркивается **дальнейшей отделкой** брашированием. Керамогранит от Italgraniti напоминает поверхности со следами времени; **неровные края** и **умеренный отблеск** демонстрируют тщательную заботу при разработке проекта, направленную на создание пространства, где **глянец и естественность** являются самыми настоящими главными героями.

LIGNE, CREATIVE GEOMETRIES.

Attraverso una contaminazione stilistica coerente, i moduli **Ligne 20x120 cm** vestono **scenografiche ed emozionanti superfici verticali**.

CAM ISO 14021

Nell'aprile 2016 il Ministero dell'Ambiente italiano ha introdotto una serie di criteri ambientali per l'edilizia, chiamati CAM Edilizia - Criteri Ambientali Minimi per l'Edilizia -, volti a facilitare l'inserimento di requisiti di eco-sostenibilità nelle gare d'appalto per interventi pubblici. L'obiettivo è quello di stimolare acquisti che minimizzino l'uso di risorse naturali e il consumo di energia, che contribuiscano inoltre alla diffusione di fonti rinnovabili, riducano la produzione di rifiuti, le emissioni inquinanti nell'aria, nell'acqua e nel suolo ed che eliminino le sostanze ambientalmente pericolose.

Grazie ad un sistema di gestione ambientale sostenibile, alla certificazione EPD e in accordo con lo standard internazionale ISO 14021, Italgraniti contribuisce ad un'edilizia di qualità e prestazioni al di sopra della media di settore.

In April 2016 the Italian Environment Ministry introduced a series of environmental criteria for construction, called CAM Edilizia - Minimum Environmental Criteria for Construction -, aimed at facilitating the insertion of eco-sustainability requirements in calls for tender of public works. The aim is to stimulate purchases that minimise the use of natural resources and energy consumption levels, which also contribute towards the spread of renewable sources, reducing waste production, polluting emissions into the air, water and soil, and which eradicate environmentally hazardous substances.

Thanks to a sustainable environmental management system, to the EPD certification and in accordance with international standard ISO 14021, Italgraniti contributes towards quality construction with performance levels above the industry average.
